

# EMF Harmony™

- ⦿ Powerful solutions to safeguard your health
- ⦿ Cutting-edge European bio-energetic technology
- ⦿ For your home, workplace, car, and on the go

# The Why and How of **EMF Harmony**

**T**he health consequences of the ubiquitous electronic pollution in our environment affect everyone living in our modern world. It is impossible to escape the radiation from electromagnetic fields (EMF's) inside your home, your workplace, and your car. And today it is everywhere you go - in stores, in schools, in airports, and even in your community park. The advent of 5G cell phone technology is making matters even worse.

Fortunately, there is something that you can do about it. EMF Harmony offers a collection of EMF protection devices powered by advanced technology developed in Europe. This cutting-edge technology is based upon a bio-energetic approach to harmonizing electromagnetic radiation and supporting your body, recognizing that energy is the current of our bodies and the key to good health.

# The EMF Harmony Advantage

- **Documented in biological studies** to support your health against the detrimental health consequences of EMF exposure
- **Effective protection** from new 5G cell phone technology, which is significantly more powerful than the older technology
- **Scientifically engineered products** that operate at the sub-atomic level, allowing your electronic devices to operate normally
- **Proprietary dual-level technology** that supports your health against all forms of EMF's:
  - The first level of action is a Direct Technology that harmonizes the negative energetic frequencies of the electromagnetic radiation
  - The second level of action is an Adaptive Technology that supports your body as it is stressed by the radiation

# You are an Electromagnetic **Being**

**Y**our body uses electrical signals to accomplish every function vital to your health, from your heartbeat to your brainwaves, from cell growth to sensory perception to reproduction. Modern medicine relies on this biological fact for many purposes, including diagnostic tools like the EKG and MRI, as well as medical treatments such as pulsed electromagnetic field (PEMF) and laser therapy. As an electromagnetic being, it is not hard to understand that exposure to powerful and unnatural electromagnetic radiation can affect your health.

In fact the health of your cells, the smallest organisms in your body, is now recognized to be critically important to your overall health. Narrow micro-currents (with approx. 60-70 microamps) flow through your body along organized paths and ensure your well-being. Any injury or illness – as well as EMF radiation – disturb or interrupt this energy flow and lower the voltage in your cells. “Non-health” is thus often caused by energetic disturbances at the cellular level that result in a lack of energy in your cells.

# For Your Wireless Devices

## EMF Harmonizer

Protection from the EMF's emitted by wireless devices such as laptops, tablets, and Bluetooth devices. Wherever you go with your device, your health will be safeguarded by the small energized plastic sticker that is affixed to the device in an inconspicuous location. Suitable for all devices that communicate over WiFi or Bluetooth.

## EMF Harmonizer+

Advanced protection from the powerful EMF's emitted by cell phones and WiFi routers. These devices produce the strongest electromagnetic radiation in your environment, and the Harmonizer+ is designed to support your health in their presence. The small energized stainless steel sticker is affixed to the bottom of your cell phone or any location on a WiFi router.

# Health Consequences

**S**ome of the effects on your health from exposure to electromagnetic radiation include:

- 1 Oxidative stress** through an increase in free radicals that in turn causes damage to DNA
- 2 Decreases in white and red blood cell counts** and associated declines in immune response
- 3 Compromise of the blood-brain barrier**, exposing the central nervous system to unhealthy toxins
- 4 Changes in hormone levels**, including melatonin, a critical hormone that regulates the biocycle and impacts the quality of sleep
- 5 Increases in susceptibility to certain types of cancer** and adverse health effects on the neurological and reproductive systems that can affect mental health and fertility, among other issues

These statements are based on scientific studies about the adverse health effects of EMF exposure that have been proliferating for the last 20 years. For a list of websites where you can find many of these scientific studies, please visit the 'Why' page on the EMF Harmony website.

# For Home, Office & Car

## EMF Harmonizer Car

Protection from the EMF's emitted by the electronics in your car. The small metal sticker will harmonize the electromagnetic radiation and protect your body against their harmful effects. It is placed in an inconspicuous location near the driver, and for electric or hybrid cars a second one is placed in the rear area.

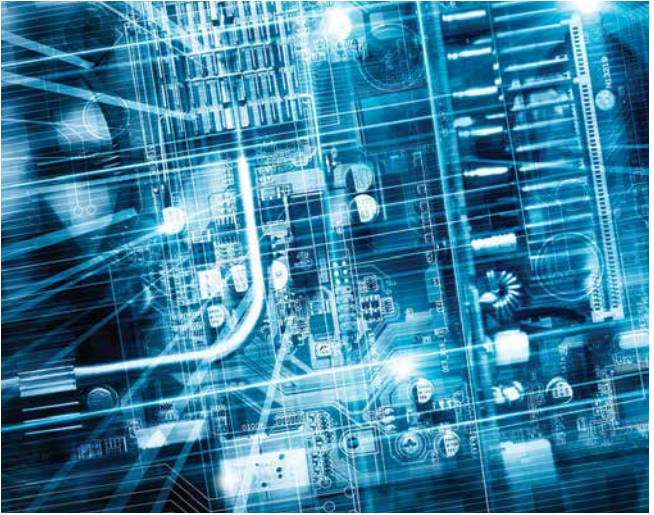

## EMF Harmonizer Home & Office

Supports your health and well-being as you are exposed to the rampant electromagnetic radiation in today's home and workplace environments. It works for EMF's coming from within your home or workplace as well as those coming from outside of it. In addition, it creates a healthier environment by generating a natural balance of positive and negative ions, helping to remove unhealthy fine particulate matter from the air.

**The Home & Office Kit** consists of a metal plate which is affixed to the inside of your fuse box door, and four smaller metal plates that are affixed to outlets around your home.

# EMF Harmony Technology

**E**MF Harmony products are based on a bio-energetic approach to health developed in Europe and feature a proprietary dual-level technology that offers greater protection from EMF radiation than other devices on the market. The first level of action is a Direct Technology that harmonizes the negative energetic frequencies of the electromagnetic radiation. The second level of action is an Adaptive Technology that supports the cells in your body as they are stressed by the radiation, bringing their energy to an optimal level for good health.

The EMF Harmony technology operates at the sub-atomic level, so it does not block or alter the EMF's, allowing your electronic devices to function normally. You can continue to live and work in our modern world knowing that your body is being protected at the bio-energetic level, the very foundation of your health.

# For Your Body When on the Go

## EMF Harmonizer Mobility

A sporty wristband that protects you from the pervasive electromagnetic radiation you are exposed to when on the go. The Mobility is made of durable and easy to clean silicon rubber and stainless-steel, is waterproof, and will protect you from all EMF's wherever you go.

## EMF Harmonizer Mobility+

A stylish bracelet with advanced EMF protection enhanced by specially energized stones in the base of the stainless-steel element. This fashionable accessory is made of durable and easy to clean silicon rubber and stainless-steel, is waterproof, and will protect you from all EMF's wherever you go.

## EMF Harmonizer Pendant

This beautiful necklace features advanced EMF protection enhanced by specially energized stones in the back of the pendant. An attractive jewelry piece made of stainless-steel that is waterproof and will protect you from all EMF's wherever you go.

# Measuring the Effects

The positive biological effects of the EMF Harmony technology have been demonstrated in test subjects exposed to cell phone EMF radiation in a number of studies using various types of health measurement devices. Below is one example of such a positive biological outcome.

We have done studies with heart rate variability, live blood cell analysis, electrodermal measurement, a case study with blood tests and physical exams, and more. To view these studies documenting the health supporting effects of EMF Harmony products, please visit the 'Research' page on the EMF Harmony website.

## Endorsed by Healthcare Professionals

Alternative healthcare practitioners around the world use and recommend EMF Harmony technology. Ask your practitioner if they offer the EMF Harmony products.

"The dangers of EMF exposure are something I speak to all my patients about. I use the EMF Harmony products myself and recommend them to my patients."

Dr. Scott Storrie, D.C., L.Ac., P.C., N.E.

# For Your **Wireless** **Wrist Devices**

## **EMF Harmonizer Apple Watchband**

A stylish and comfortable watch band that offers radiation protection from the EMF's emitted by your Apple Watch and supports your health against the harmful effects of other EMF's that you encounter as you move around in the world. This fashionable band is made of durable and easy to clean silicon rubber and stainless-steel, is waterproof, and attaches to your Apple Watch easily.

## **EMF Harmonizer Smartwatch Chip**

A small metal chip that screws into the band of your smart watch, fitness tracker, or other wireless wrist device. The energy from the chip will protect your health from the EMF radiation emitted by the device, and it is comfortable as well as discreet.

**R**ely on EMF Harmony to support your health as you are exposed to electromagnetic radiation in your daily life. Our cutting-edge European technology is unequalled in its ability to protect your body from the consequences of the ever-present EMF's in our modern world.
